

STATE PLAN for INDEPENDENT LIVING

2020-22

The purpose of the State Plan for Independent Living (SPIL) is to describe how the state's network of independent living programs and services will meet the independent living needs of persons with disabilities in the state. The plan must address how federal, state and other funds will be used within the state to develop and maintain an IL program. Please assist us in this process and make your voice heard. Join us at one or more of our public hearing sites to review and comment on the SPIL. For more meeting details and to request reasonable accommodations call or email Denise Thomas, MSILC Executive Director@ 240-599-7965, marylandsilc@gmail.com. Please contact us at least two weeks before the event. To preview the State Plan go to msilc.org
